## GIRL'S HAIR CUT OFF BY TRUCK

While Crossing Street Geneva Clough Slips on Car Track-Her Loosened Tresses Fall Under Wagon Wheel.

#### POLICEMAN GRABS WOMAN.

Drags Her So Vigorously that About a Foot of Her Locks Remain Under the Wagon Wheel-She Is Not Seriously Hurt.

Miss Geneva Clough, twenty-one years old, of No. 163 South Ninth street, Brooklyn, is bemoaning the loss of about a foot of her heavy brown hair and wondering who she can sue for damages. The hair cut was involuntary on her part.

While crossing Eighth avenue at Twenty-third street, she slipped and fell on the car tracks. Her hat fell off, letting her heavy hair hang down over her face. Her hair was long and a she landed on her hands and knees i swept the ground.

A heavily laden truck was coming bouth at the time and the driver swerved his horses just in time to prevent them striking the young woman, but not far enough out to prevent the wheels of the truck running over her hair.

Policeman Maurice Eckler ran to the rescue and attempted to pull the young woman out of danger just at the moment the wheel of the truck was resting on her locks. He pulled with vigor, and as a result Miss Clough lost about a foot of hair and suffered considerable

a foot of hair and suffered considerable pain.

"I had been reading French history," Miss Clough said to an Evening World reporter to-day, "and when I saw that suck coming for me I could not help thinking of a guillottne. As I fell I said to myself:

"Weil, I'm not Marie Antoinette," and I jerked my head to one side as the wagon came along. My hair had fallen and the mass of it was lying in the truck's path.

"Of course, I do not blame the policeman, but just the same I would not have lost as much hair if he had nulled me out a little quicker or a little later. As it was, he pulled while the wheel was on my hair and from the pain I thought he had scalped me."

Miss Clough is a ppetty young woman whose remaining mass of beautiful hair is not notleeably damaged by her loss. She takes a cheerful view of her loss, saying:

"I suppose I will have to grow some

saving:

"I subcose I will have to grow some more to make up for what was left on Eighth avenue.

"When the policeman had carried me to the sidewalk I was expecting to faint every second, but I did not and perhaps I am a little disappointed. Fou know a woman always has to faint when she shouldn't, but I couldn't rake up a faint anywhere."

Thomas McCauley, Jr., Although Assured by the Doctors that He Will Die, Refuses to Give Up Hope.

With the same pluck that made him was injured in a game of football in Prospect Park.

McCauley is sixteen years old and his father is a sergeant stationed at the Fort Hamilton police station. The box attended the Manual Training High School and was a halfback on the football team which was playing the eleven

The signal was given for a dash around the end, and with the ball under his arm McCauley plunged forward toward the goal. When near the line he tripped and fell forward on his head. In an instant he was at the bottom of the tangled mass of players, and when they got up he lay motionless on the ground. His team mates carried him to the club-house and an ambulance took him to the hospital. There he regained consciousness, and opening his eyes asked: "Doc., what are my chances?"

"It looks pretty bad for vou," the physician was forced to admit.

"I guess I'll come around all right," the boy said, and when his mother came to the hospital he almost reassured fier by his cheerful spirit. The doctors say McCauley's spine is injured, but it will be several days before it can be stated with any accuracy just how serious the injury is. with any accuracy just how serious the injury is.

In the meantime football will be discontinued at the school and in the advent of a serious termination in Mc-Cauley's case the team will be disbanded.

#### RUNAWAY INJURES TWO.

Horse Shies at Newspaper and Dashes Through Harlem Streets. A horse belonging to Albert Van Buren, of No. 165 East One Hundred and Twenty-sixth street, ran away to-day and, besides injuring two persons, caused considerable excitement.

The horse, which was attached to a fight wagon, was left standing at One Hundred an dTenth street and Manhat-Hundred an dTenth street and Manhattan avenue. It became frightened at a dying newspaper and dashed across One Hundred and Tenth street. At Seventh avenue it knocked down a young boy named C. S. Heineman and inflicted painful bruises.

OF BAD BLOOD FRIDAY, AS USUAL, BARGAIN DAY OLD SORES There is no better evidence of a bad condition of the blood and unhealthy state of the system than a sore that won't heal, **ULCERS** or a festering, discharging Ulcer or Abscess. There are many ways by which the blood may become contaminated and poi-

Eczema and not getting any better, the doctor pronounced it Epithelioma Cancer, and advised that I go to Chicago and have it cut out. I did not do this, but having had S. S. S.

recommended to me by a couple of friends, I

began its use, and the sore soon began to heal, and after using some six bottles of the

medicine it healed up entirely, and has never

I was the victim of a severe burn, having stepped into a crucible of molten iron. My

right foot to the shoe top was fearfully burned. You can get an idea of its severity

by my telling you that I was unable to walk for months. I suppose my blood was bad,

as the place did not seem to heal. Get-ting discouraged at the slow progress towards recovery, I decided to use S. S. S., and am pleased to say that the medicine did

its work well. It went into the circulation, thoroughly cleansed and enriched my blood,

and in due time the affected area began to heal. To-day it is entirely healed, and S.S.S.

deserves great credit for what it did for me. 120 Pearson St. CHARLES HUNTER.

soned. A long spell of malarial fever or other debilitating sickness, the excessive use of mercury in certain diseases, inactive kidneys and torpid liver, exposure and lack of nourishing food, weaken the

constitution and cause the system to become congested with impurities which are taken up by the blood, and wherever the flesh is bruised or scratched a festering sore or discharging ulcer begins. A boil or blister, pimple or burn often develops into a frightful looking sore because of the unhealthy condition of the blood, and the place Kenton, Ohio, Aug. 22, 1903.

will continue to grow and spread, finally reaching the bones and causing them to decay unless the blood is purged and purified and the system thoroughly cleansed of all morbid and unhealthy accumulations. This cannot be done with washes, salves and soaps, which only afford temporary relief.

Such things neither make the blood any purer nor the system any cleaner, and to depend upon them alone is suicidal and senseless. The sore or ulcer is only a symptom, an outlet for the poisons circulating in the blood, and as long as it remains mpure the sore will never heal. It may scab over and appear to be getting well, but a fresh outpour of matter from the diseased blood starts it again, and thus it goes on, sometimes for years, slowly sapping away the life of the patient.

The only way to get rid of these disgusting evidences of impure blood is to remove the cause by purifying the polluted blood, and nothing does this so surely and effectively as S. S. S. It drives out of the circulation impurities and germs of every kind; and under the tonic effect of this great remedy the general health rapidly recuperates and broken-down constitutions are built up and strength and vigor are restored to all parts of the system. When S. S. S. gets into the circulation, impurities that have been clogging the blood and causing the old sore or ulcer are driven out through the natural channels of the body, and the place

begins to heal, the discharge gradually ceases, new flesh forms and smooth, healthy skin hides all signs of the painful, sickening sore. S. S. S. is an entirely vegetable remedy, con-
